

## AMEDD Civilian Corps Chief Msg #40----A Reminder! (19 August 2013)

Hi Folks,

Just a reminder that our Civilian Corps DC Summer Series Training is starting this week. These sessions will be important to you and your organization—you because they will help you with your education and training planning and execution, and your organization because we expect that, in the near future, your organization will be able to get budget plus ups when you have a completed IDP on record and are pursuing your CES. So these DCOs will create another way to contribute!

We have added one session each week starting at 1800 CDT for those of you in the Pacific region, on a rotating shift, or anyone who might need a later start time. You will also see below in the first topic that we have added a taped recording of how to set-up your microphone and speakers in DCO. Have a listen!
