

**AMEDD Civilian Corps Chief Msg # 42----Possible Government Shutdown (30 September 2013)**

AMEDD Civilian Corps Members,

After my last message, several folks wrote back and asked why I didn't address a potential government shutdown. At that time I didn't see it as appropriate to speculate on situation in such a state of flux. If there is a shutdown tomorrow, I will begin my furlough as will many of you. As we approach that possibility, I wanted to let you know there is a great deal of good information available on the Office of Personnel Management (OPM) website. You can access the information using this link.

I join you in hoping that there is quick resolution of the issues followed by our quick return to the very important mission that is Army Medicine. In the meantime, you will be in my thoughts and prayers.

Very sincerely,

gregg
