FY 2023 Federal Employee Viewpoint Survey (FEVS) – 15 May to 30 Jun 2023

The Office of Personnel Management (OPM) has opened the window for the 2023 Federal Employee Viewpoint Survey (FEVS). The FEVS, which launched last week and closes on 30 June is an annual government-wide, non-attributional survey that offers a great way for Army Civilians to share their perspectives in many critical areas and this data is then used to feed into the annual Best Places to Work rankings. The more people who take the survey, the better idea we have of the concerns and needs of the civilian population. Eligible employees should check their inbox to access the 2023 FEVS. The FEVS takes just 20 minutes to complete, and its results contain critical information for the Army's most senior leaders.

This year, we are thrilled to have the Honorable Christine Wormuth, Secretary of the Army, participating in our FEVS campaign, encouraging Army Civilians to take the survey. Honorable Wormuth's FEVS message may be found here.
